

Hi Gregory Burrus Here,

I am excited by GVO, been busy telling people all about it and this is being sent to you because a number of you have taken advantage of my \$1 invitation at <http://www.forwardfusionglobal.com>

But you have told me there is so much you are just not sure what you are getting, why you need it and what it may, may not replace in your current business building environment. Well listed below is step one of a multiple part series I am developing to get you to see all you get for \$1 for 14 days and why you should continue on at \$44.95 with the Titanium Package.

So know this- I have been doing website development for years. You may have been doing internet marketing or have your business on the web for years. And even if you are brand new, it doesn't matter, I can guarantee you that if you use your experience to evaluate this GVO business offer, you will see that this is so much more than webhosting. This is a business building platform.

Develop your assessment of this offer and know that this is unlimited **webhosting**, not just 100 sites like most offers. **Truly Unlimited!** The system also has unlimited **autoresponders** has a **video creation system**, and also provides you with a web **conference service**. Straight from Aweber page, here's a comparison.

Aweber Service					GVO Provides at one price
From	To	Subscribers	Plus	Your Cost	Unlimited Services \$44.95
0	500		-	\$20	Unlimited Web Hosting
501	2,500		\$10	\$30	Unlimited Auto Responders
2,501	5,000		\$30	\$50	Unlimited Easy Video Producer
